

Pennywort Team

Date: Thursday 01 August 24

A great turnout last night for pennywort removal along our canal section between Barrow Boating and Deep Lock.

We had 4 in the water and 3 on the towpath to remove as many of the smaller patches as possible - all the difficult bits that the weed boat can't get to. These are the bits around the reeds, the brambles and the nettles - as well as discarded fishing lines, so they take a long time to remove properly.

Thanks to Sue, Linny and Glenn, who all joined us for the first time, Laura, Nick and Karen

Next Event:

Date & Time: Thursday 15th August

Meeting Point: Deep Lock Approach area - tbc
