

Task #	24 – 16	Date:	18 July 2024	
Meet:	Millennium Park			

I think we all tried to make the most of any shade we could find - and luckily the route today did offer quite a bit.

Starting off at Millennium Park, we cleared the bridleway and footpath behind and alongside the cricket ground. It looked like it had been done recently so a quick tidy up with only a few areas that really needed cutting back. The main footpath alongside the allotments had just been strimmed too, so nothing for us to do there.

Then it was along to Fishpool Brook jitty via the footpath on Nursery Grove. We did both paths a few weeks ago when doing some litter picking close by, so again, just trying to keep up with the summer growth of fresh nettles close to these busy paths.

Thanks to the team today: (L-R) Alison, Margaret, Bob, Soo, Anne, Patricia, Paula, Ian and Trev

Next Task:

Thursday 25 July 09:30

Location: **Shooting Close Lane – Melton Road entrance**
