

Task #	24 – 27	Date:	28 November 2024	
Task:	Towpath Repairs – Middle bit			

A bit of a cold start to the day - and slippery in places, but a great team turn out this morning to carry on with the towpath repairs.

With the supplies at The Navi end of the path, it was certainly a long way with heavy a wheelbarrow to get the grano to where it was needed - in the middle.

The top layer of the path is wearing in places leaving the rough base layers exposed. The worst of the areas have been topped up and only the last section left to tackle next year.

Special thanks to Linny and Glenn for tea on the terrace afterwards - and the biscuits were a real treat.

Thanks to the team today, Terri, Andy, Anne, Bob, Steve, Ian, Paula, Karen, Philip, Bob, and of course Trev the trolley

Next Task:

Thursday 12th December 10:00

Meet: **Piets Close – Bridge Street entrance**
