

Task #	25 – 19	Date:	14 th August	
Area/ Task:	Top of Buttermere Way hedgerow			

Back to one of our favourites today - the top of Buttermere Way - where we reinstated the hedge a few years ago. Really pleased at how well the hedge is doing - especially during this summer's extremely dry weather.

Today the team cleared bindweed and brambles from the base and back of the new hedge to try to ensure the hedge remains as healthy as possible.

We also carried out a very light trim, clearing a few nettles mainly, from the footpath running alongside the school, and Strancliffe Lane bridleway between Cotes Road and Willow Road. The bramble hedge on the corner there has been cleared by the homeowner so saved us a huge job today.

The team enjoying a well earned brew and biscuits

Thanks to the team today: (L-R) Andy, Philip, Terri, Margaret, Paula, Pat, Karen, Alistair and Trev

Looking towards Buttermere Way

Looking towards Strancliffe Lane

Brambles and bindweed cuttings were cut up into small sections, and left behind the hedge but away from the fence.

Next Task:

Thursday 21st August 0930

Meet: **Brooker Close / Willow Road small play park**
