

Task #	25 – 24	Date:	16 th October	
Area/ Task:	Towpath resurfacing – from Deep Lock			

Back to the towpath and some general resurfacing work today - working from Barrow Deep Lock towards The Navi. A thin layer of grano dust was added to the path - about 200m in length using 2 tonnes of material - by mid-morning.

We have been doing this work 2 mornings a year for the last 3 -4 years and it is great to see where our previous efforts have made a difference filling in the gaps in the path.

Thanks to Matt and Chloe from Tarmac - they joined us for the morning as part of their Community Volunteering Scheme and were a great help - thank you both.

Thanks to Canal and River Trust for providing the materials.

Thanks to all our volunteers today - whether sweeping, raking, shovelling, stamping or barrowing - what a great team effort - Nick, Steve, Alistair, Patricia, Karen, Terri, Philip, Andy B, Andy, Rachel, and Trev

Terri and Karen sweeping leaves of the path, Andy and Alistair stamping

Steve, Rachel, Patricia, Chloe, Matt and Philip - stamping

Next Task:

Thursday 30th October 10:00

Meet: [The Navigation](#)
