

Pennywort Team

Date: Thursday 31st July 6pm

A huge amount of hard work on and off the water tonight clearing Pennywort upstream of Barrow Weir. Teams on the land cleared a fair few mats from the near side of the river which were rather large and very heavy to pull out. Teams on the water had their work cut out too getting mats cleared away from the reeds after checking for any nesting moorhens, then steering them to the banks.

Working together we cleared at least 300m of riverside - and perhaps as much as 40 - 60 tonnes of weed - always hard to measure as we try to keep the piles out of the way as we work along. Thanks to all volunteers - including support of **LOPC Wild Women Outdoor Club** - Karen, Brian, Glenn, Laura, Sarah, Sue, Kate and Amy

Next Event:

Date & Time: **Thursday 7th August**

Meeting Point: **Broadway's Meadow - tbc**
