

Task #	26 – 01	Date:	8 th Jan	
Area/ Task:	Fishpool Brook paths			

Back to Fishpool Brook paths today to try to keep on top of clearing as much of the leaf debris away before it becomes soil and grass again. Well, most of it had already turned into top quality soil so we raked and swept that into the hedges and on the grass rather than into our community bins.

We managed to get as far as Newton Close /Swan Close before our energy levels gave up, so we will be back next month to do some more.

We were able to enjoy some lovely Haribo sweets gifted to us for Christmas, which should keep us going for a few weeks more as there was lots of - thank you. Thanks to Charnwood BC and Serco for the bins. Lots of hard work from a great team.

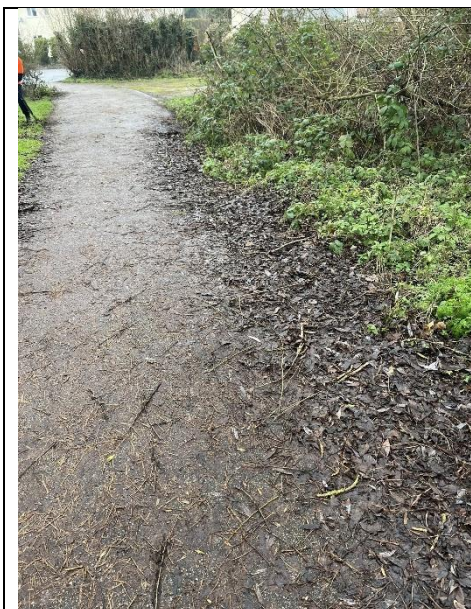

Thanks to the team today: (L-R) Anne, Karen, Philip, Bob, Steve, Nick, Ian, Alistair and Trev

Next Task:

Thursday 22nd Jan at 10:00

Meet: **Breachfield Road – jitty leading to Melton Road**

Paths before -lots of leaf debris and mud

Team busy raking

After - cleared

Bob - working so hard he broke his rake
