

Task #	F26 – 06	Date:	19 th March	
Area/ Task:	Church Lane Jitty and Holy Trinity Church paths			

A fabulous morning to be out and about doing lots of our spring jobs over at Holy Trinity Church today.

There was a team lifting, dividing and spreading out the snowdrops. After an amazing display earlier in spring, we were finally able to thin out some dense clumps to areas where they were a bit thinner on the ground.

We had a team tidying up the berberis hedge after an earlier cut from idverde. This was inside the narrow space between the headstones and the metal fence, where we also removed the last of the fallen autumn leaves for composting. The jitty was then given a good sweeping too.

We had a team edging the internal pathways inside the garden areas and sweeping the paths around the flower beds too. It made a real difference to the area.

Thanks to Charnwood BC and Serco for the brown bins.

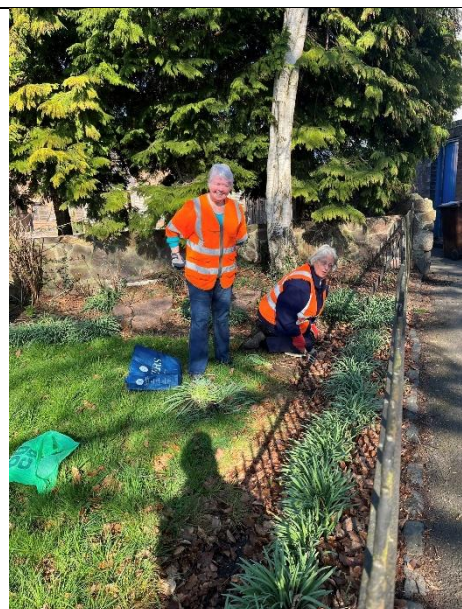

A fantastic effort by everyone today; Anne, Andy, Pat, Alistair, Karen, Philip, Bob, Nick, Terri, Steve, and Trev the tea trolley.

Edging the paths

Moving snowdrops

More snowdrops being moved

Removing leaves and tidying the berberis

Next Task:
Thursday 2nd April 10:00
Meet: **Old Station Car Park / top of Bridge St**

Paths looking super smart

Snowdrops spaced along the path
