

Task #	F26 – 15	Date:	9 th July	
Area/ Task:	Towpath from Deep Lock to The Navi			

It was a hot one today for our volunteers with a little bit of shade as we made our way along the towpath.

Starting at Deep Lock we gave a quick short trim to anything overhanging the path, especially on the narrow sections. It was mostly nettles and brambles, but also some willow branches that were hanging low enough to causes walkers or cyclists to duck to pass under.

We left as much of the fruiting bramble as we could - lots to be picked in the coming weeks if we get a drop of rain soon to help plump them up.

It was lovely to meet some of the neighbours too>

Thanks to the team today: (L-R) Philip, Steve, Nick, Pat, Bob, Karen and Trev

Next Task:

Thursday 16th July 09:30

Meet: **The Navi**
