

Task #	F26 – 18	Date:	6 th August	
Area/ Task:	Melton Road and Fishpool Brook paths			

A fabulous turn out this morning - starting on the corner of Fishpool Way and Melton Road walking towards Poppyfields - we lightly trimmed back the overgrowth from the hedge to make it easier to walk along the pavement without having to go into the road if anyone came the other way.

We then made our way along the path on the side of Fishpool Brook, again just trimming the worse of the overgrowth back, trimming the growth at the base of the fruit trees, as well as the nettles and brambles.
