

<b>Task #</b>	21-17	<b>Date:</b>	6 <sup>th</sup> Sept 21	<b>Review Date:</b>	
	<b>Meet:</b>	<b>The Lime Kilns</b>			
	<b>Summary:</b>	Clear/trim hedges, clear around lamp post			
	<b>Volunteers:</b>	5			
	<b>Time:</b>	10:00	11:00		
	<b>Weather:</b>	Hot			

Another requested clearance today, and luckily, we were working in the shade as it was a bit on the warm side. The residents of The Lime Kilns asked us to clear the overgrowth around the lamp post and clear back the hedges along the pavement.

Firstly, we had to find the lamp post in question! It was well hidden and easy to understand the concerns. Not sure any light would have come through the thick overgrowth from the nearby trees.

Philip soon made a clearing with the long reach loppers and we await the results when it gets dark.

The hedge along this side of the road was also extremely overgrown so the rest of the team got started on reducing it back to a reasonably level where we could manage the green waste produced by creating habitat piles at the back of the hedge itself.

Shouldn't take more than a few weeks to start to decompose and become homes to all sorts of local small animals.

You can clearly see the lamp post again after all the hard work – let there be light!
