

**Location:** I23 towards Seagrave

**Task #** 23

**Date:** 7<sup>th</sup> August 19

**Review Date:** Nov 19

**Map:**

It takes about 20 minutes from Melton Road to walk along to this overgrown section. Fairly impassable before we started but now easy to walk along. You could see where we had cut back the bramble earlier in the year. We also cleared the many styles along the way of summer overgrowth.

**Looking towards Seagrave - path before full of nettles**

**Looking towards Seagrave – clear path after**

**Path looking back towards Barrow -  
before, lots of overgrowth**

**Path looking back towards Barrow -  
after, clear of nettles, bramble**
