

Barrow Community Litter Pickers

Date:	Monday 1st December 2025
Location:	Area around One Man Bridge

I was joined by Jayne today and in between showers we managed to clear lots from the area around One Man Bridge.

As always, so many poo bags just throw into this wildlife area without thought or any respect. There were also lots of empty bottles and cans. I did see what I think was a small brown mouse scurrying around which does make what we do seem all the more worthwhile.

Unfortunately, the floodwaters stopped us progressing on to the A6 underpass area so just as the next showers were able to begin, we called it in. Thanks Jayne

A small but mighty team today - with Jayne

2 very heavy bags - mainly poo bags

Next Event:	
Date & Time:	5th January 2026
Meeting Point:	tbc
