A cold but beautifully sunny morning for our first group task of the year - this time along Willow Road. We split into 2 groups as there was a bit of a dumping ground on the corner with Cotes Road by the roundabout. Bob and Steve cleared that area while Jayne, Anita, Andy, Ian and Annette walked along the top and bottom of the wildflower slopes along Willow Road, and the copped areas around the park.

In total 8 bags from the Willow Road and park stretch and a huge pile of all sorts for Cotes Road corner, including a tub from a wheelbarrow, some metal bbq shelves, some tarp, For Sale signage and 6 bags of general grot.

Thanks to Charnwood BC and Serco for collecting the bags left of Willow Road so promptly. The request for the other grot has been raised. All bags logged.

Thanks Team
