

Barrow Community Litter Pickers

Date:	Monday 11th May 2026
Location:	Around Babington brooks

This morning Anita and I picked at various points around the brook at the bottom of Babington Road /Poppyfields estate.

The greenery is getting long and lush so really difficult to spot much, but we collected a bag of general grot and a few items out of the brook - camping chair, blanket, the obligatory traffic cone of course, and partial remains of some sort of cupboard.

All ready for collection by Serco /Charnwood BC - thank you.

Big thank to Anita.
