

Barrow upon Soar Station Adoption Group

Late March and Early April 25

Our Station Adopters have been busy willow weaving making short hurdles for a test area along our garden border on platform one. Thanks to Anne, Anna, Karen, Bill, Honor, Andrew, Linda, Alison, and Ian, for your fabulous weaving skills. Thanks to Nick for making the formers and Julie for collecting the willow.

The hurdles were installed down on platform one and are looking pretty fabulous. They are in for a trial period to see how well they last, and if they help to keep the material from the rather steep embankment from falling into our garden beds.
