

Barrow upon Soar Station Adoption Group

Sunday 19th April 2026

Beautiful blue skies this morning at Barrow upon Soar Railway Station for our monthly group task.

Some regular station passengers may have noticed that some of our artwork was starting to show signs of water damage. Today we replaced the 2 village scenes with dibond replicas to ensure they can remain in place for years to come. We are gradually replacing any damaged flowers and leaves too.

We also wire brushed part of the fence at platform 2 ready for fresh paint next month, dry brushed all the muck off the main station steps, and brushed leaf debris from platform 1 - all in all, lots of brushing!

Thanks to Steve, Nick and Ian

Date of next task: Sunday 31st May 10:00
