

Barrow upon Soar Station Adoption Group

Sunday 31st May 2026

Our volunteers were out in force today doing lots of difference jobs around the station.

We have sanded back the flakey blue paint and put a coat of grey over the top. Hopefully we will get the grey gloss later in the year to finish it off, but for now, it still looks better than it did before.

We continued with replacing the water damaged wooden flowers to keep our artwork on platform 2 looking good.

We also sanded and varnished the seat in the shelter on platform 1. All the steps down to both platforms were given a dry brushing to remove lots of baked on mud. Some of our gardening team were out weeding and deadheading the plants on platform 1 and removing any over hanging greenery.

And we made a start with the new artwork on the fence at the bicycle area - a colourful combination of painted bicycle wheels. 2 sections up with one more to do later in the year.

All in all a very busy morning - thanks to; Philip, Anna, Karen, Steve, Julie, Alison, Nick, Ian, and Honor.

Sanding off the blue flakey paint

Replacing water damaged flowers

Gardening team and revamping the seat in the shelter

New bicycle wheel artwork - very colourful

Lovely varnished seat

Date of next task: Sunday 26th July 09:30
