

# Barrow upon Soar Station Adoption Group

Sunday 12<sup>th</sup> December 2024

Final group task for the year - scrubbing and repainting the fence in preparation for the new artwork, and scrubbing and washing the steps.

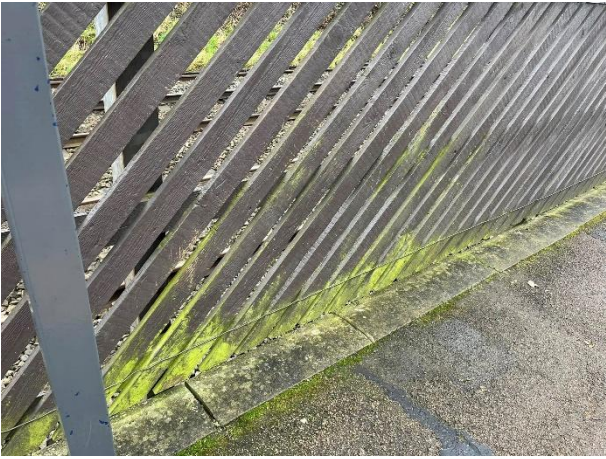

The team started with the fence and made an amazing job of smartening it up by removing the lichen from the base of the fence. Thank you everyone - sorry I didn't catch you for the photos.

Then the wet and very mucky job of scrubbing and washing down the steps. We did these earlier in the year - in May - so it shows how soon all the muck comes back.

The team today Ian, Linda, Nick, Steve, Anne and Alison.
